

BOARD MEETING FOR MONTROSE MARLINS
SEPTEMBER 16, 2007

In Attendance were; Cindy Sperling, Barb Sharrow, Jenny Stangbye, Kathy Gaber, Danielle Stickler, Julie Leonard, Sharla Krebs, and Melissa Cooksey

We started the meeting with the treasurer's report. It was discussed that the coaches need to order equipment by May or buy in the winter when we have more money available as it takes awhile to collect all monies from the July Montrose Meet.

Right now we have too many kids in the pool. We will be holding try outs, however, we are going to have to start a waiting list. This will not apply to beginners with siblings in the pool as long as the sibling is a committed swim family.

Concessions at our July meet only made \$500 profit this year. This is the first year we tracked this, however, we are going to begin to track it and see if it is worth the effort. We would like to find someone willing to get ALL food for concessions donated from the community and downsize to make it more profitable. This person would be in charge of getting donations, make sure it is planned and manned and help run it if needed. We need to keep concession expenses to 100-200 a day. If we could get a couple people or a committee to take that on that would be ideal.

We need to get someone to take charge of the sponsor board. We need one or two people to stay on top of it and make sure we are being paid for the advertisement on the sponsor board. We need to get these filled as soon as possible.

Our November meet is the 3rd and 4th of November. It will probably be 2 sessions a day due to the fact we are getting more and more year around swim clubs that will want to come. We need to have a meeting on October 3rd at 5:30 at Cindy's house, with meet plans organized and ready to go. There will be one or two Christmas baskets to raffle. This is a sanctioned meet.

The Marlins will again this year, help with the Black Canyon Triathlon. We need 3 parents and 12 kids to be chosen by Silas, to count laps and man "concessions" This is just donated Gatorade, water, and fruit to provide to the participants in the triathlon. We need to make certain that the person getting donations makes sure it is clear to businesses that this is for the Rec District and not the Marlins so when we have to ask again for the meet, they won't think we are hitting them twice in a month.
